GATHER YOUR SALVAGE NOW

Old Salvage Store House Has Been Sold—Looking For A New Spot — Much Scrap Needed Before Move is Made.

PAPER WANTED

Twelve More Ditty Bags Being Filled — One Gift of Cartons Brought in \$35. — Bottles of All Kinds Acceptable.

(Contributed)

Our salvage warehouse has been sold with the Anderson property, and we will be forced to vacate before winter sets in. In the meantime make a special effort to hunt up every piece of salvage (not garbage) and send or take it into the warehouse before we close it. While all this means more or less work for the householder, it also means work for the committee in charge.

Miss Verna Lewis, our capable secretary, spends many hours of her leisure time in making out reports for the Central Salvage Office, and at the present she has undertaken the task of purchasing the necessary supplies to fill 12 more ditty bags for the Navy League. Owing to the scarcity of materials this is sure a job of shopping these hot days. Everyone works for this great war effort. So, dig in and no growling when you are invited on a work party.

We are indebted to Mr. MacPhail, the new manager of the was approximately \$35.00, as the local distillery for a contribution of some 700 cardboard cartons, which they could not use for shipping. Your committee were fortunate in finding purchasers for these in Sandy Globe of the Metal Craft, and Brock Snyder Mfg. Co. The net profit from this transaction

Lost Boy Lived On Green Apples

Niagara Falls Boy Tell Police Fantastic Story That Proved to be True — Weathered Lake Storm.

Claiming that he was forced to leave his home at Niagara Falls last Monday by two older boys whom he saw hiding articles allegedly stolen from parked motor cars, a nine-year-old lad has been returned to his family by Provincial Constable Ernest Hart, of Grimsby.

His story is substantiated to the extent that Niagara Falls police say the other two youths are wanted there for thefts and certain articles that the little chap says he saw hidden by them were actually stolen.

Occupants of a Clinton township home, were the boy asked for a drink of water late at night, called police when he told them he was lost. He claimed to have had nothing to eat but green apples from Monday to Thursday night and to have slept under trees.

He said he tried to get away

Dear Bones:

Earl Cornwall, whom I see frequently, handed me a few copies of your well known journal and I must say that they proved interesting reading after being away so long.

I am glad to know that you are back at the helm and it would appear that you are doing an excellent job. "Silvers" Corman is a t too far away from me so I see him occasionally, also Capt. Percy Fairbank who is stationed in the district. I had lunch in London with Lorne Baldwin.

Going Strong

JAMES AITCHISON

It is 32 years ago this summer—1911—that the above good looking gentleman decided that there was more money to be made in the fruit business than in the tailoring of high class suits and overcoats. He has been at it ever since. At present he is Acting-Manager of Niagara Packers Limited. "Jim" came to Grimsby from Beamsville in the early 1900's and opened up a tailor shop. He has never regretted that move. Has one daughter Mrs. Earl J. Marsh. Is champion Victory Bond salesman for Lincoln and active at all times in any movement for the progress of Grimsby. It was through his long and persistent efforts that Grimsby secured its present fine library building, through an \$8,000 donation from the Carnegie Foundation. Spends his winters in Florida, being the first of many Grimsbyites to make that state their winter home.

Butcher Shops Are Cleaned Out

Business on Saturday Was Tremendous — Two of Them Closed Early in Evening.

Business in all retail stores in Grimsby on Saturday was tremendous. For the past 10 weeks business in local stores has been on the increase, each weekend, but last Saturday topped all previous records.

This was especially so of the

three butcher shops which were completely cleaned out of supplies of all kinds in the meat line.

Saturday afternoon St. John and Shaw closed up for two hours to get a breathing spell and straightened up their shop. They had supplies enough to keep open until 10 o'clock on Saturday night before the sold out sign was hoisted.

Care's Meat Market and Wray Betts did not close during the day but when eight o'clock in the evening came they were all sold out, so they pulled down the blinds, locked the door and went home to rest.

Getting Ready For Garden Party

St. Joseph's Annual Garden Party promises to be bigger and better than ever on August 27th and 28th on Grounds adjacent to the Rectory on Paton Street.

Despite the restrictions of the

Wartime Price and Trade Board, which has rightly restricted many of the things that are usually to be found at carnivals are garden parties, and diverted them to more important uses, the Annual Garden Party of St. Joseph's Church, which has become more or less of a town event, this year promises to be even better than in past years.

All the members of the committee in charge are doing their utmost to make this annual event a bigger and better success than ever before and with this objective in view all the old attractions and some new ones will be found on the grounds.

PRICE CONTROL IS NEEDED

Local Retail Merchants Hear Their Problems Thoroughly Discussed by J. W. MacLeod Retail Trade Consultant of W.P. & T. B.

BIG RESPONSIBILITY

Merchants Have The Privilege of Discouraging Customers They Know Are Over Buying — Must Be Firm With Charge Accounts.

Wartime problems of retailers and suggestions for their solution were outlined to Grimsby and district merchants last night by J. W. McLeod, Retail Trade Consultant of the Management Service Division, Wartime Prices and Trade Board.

The meeting at the Masonic Hall, Grimsby was sponsored by the Retail Merchants Association of Grimsby and district. More than fifty local merchants and businessmen attended.

Lack of variety and curtailment of the amount of consumer-produced goods in Canada has naturally brought genuine hardships to retailers as well as consumers, Mr. McLeod stated.

The division which he represents was formed, he said, when the prices board realized what hardships the curtailment of consumer production would bring, and as a result investigations are made between the retail field and the board at Ottawa and the consumer field in an attempt to anticipate any problems which might occur in consumer-production in Canada.

After explaining how Management Service Division is organized to assist the retail trade, Mr. McLeod pointed out the reason why the "short supply" situation necessitates cautious management.

"Although the first function of the prices board in combating in-

Job Would Last Eighteen Years

It Would Take One Person That Long to Paste on Sheets All Ration Coupons Used in One Week.

This was especially so of the

local butcher, grocer, gas station operator or other businessman who handles rationed goods does with his spare time.

Did you ever realize that the merchant does a whole lot more with the coupons he receives than just tear them from your book.

You must have coupons to buy certain commodities. He also, must have those coupons to buy those same commodities to resell to you.

All coupons a merchant receives must be pasted on sheets, 50 coupons to a sheet. These sheets are returned to the wholesaler for more goods.

A Grimsby retailer with a mathematical turn of mind calculates by experiment that it takes him three

hours to paste 50 coupons on the

printed sheets as required by Wartime Prices and Trade Board regulations. Carrying his calculations farther, here's what he got—186 coupons six minutes or 1,000 per hour.

Canada's population is approximately 11,569,000 and each person has two meat coupons to use each week. That makes 23,000,000 coupons weekly across Canada.

Grimsby Boy Is Promoted

Mrs. Harry Anderson, of Hamilton, has been officially notified that her son Sgt. Hugh J. Anderson, D.F.M., R.C.A.F. has been promoted to the rank of Pilot Officer.

P.O. Anderson, was born in Grimsby and educated in Grimsby schools. Shortly after war broke out he joined the R.C.A.F. and proceeded overseas with the 405th Bomber Squadron, the first Canadian Bomber Squadron to reach England.

Mrs. Fred. Wade, Mountain street, is a sister.

ONE ORCHARD'S BUMPER CHERRY CROP — While many fruit growers throughout the Niagara peninsula had light sweet cherry crops this year, J. B. Puddicombe, of Winona, had an exceptionally heavy one. From some trees his employees picked as high as 50 baskets, while the average throughout his orchard ran between 35 and 40 baskets to a tree. During picking, now finished, he employed 40 men and women. Although weather conditions during winter and spring caused the loss of hundreds of thousands of fruit trees—including cherry—his loss only amounted to six sweet and 20 sour cherry trees. He attributes his successful crop to the fact that his orchards are underdrained, well fertilized and heavily sprayed. Photos give some idea of the crop. Mr. Puddicombe is shown looking at some of his Bing variety recently.

COUNTY TAXES TAKE A DROP

Twelve County Areas Will Pay Less Taxes This Year Than in 1942 — About \$1,500 Difference to Grimsby.

COMPLETE FIGURES

Total County Levy For 1943 is \$17,550 Less Than Last Year—County in Excellent Financial Shape.

Lincoln county's levy for all purposes this year will be \$17,550 less than last year, according to the schedule passed in a bylaw by the county council at their July session. This constitutes almost a whole mill on the county's equalized assessment of \$19,000,000.

The levy for 1943 calls for raising \$251,887, compared with \$269,437 last year. This year's requirements follow with last year's figures in brackets: General purpose, \$86,620 (\$74,637); road and bridges, \$38,000 (47,500); debenture debt charges, \$64,567 (\$86,050); high schools, \$37,900 (\$37,150); vocational schools, \$24,800 (\$24,100).

Total required from each municipality in the county this year will be: Niagara Town, \$8,310.40 (\$7,070.06 last year); Morriston, \$19,801.89 (\$21,059.47); Grimsby Town, \$14,385.24 (\$15,645.84); Port Dalhousie, \$8,575.36 (\$9,726.98); Beamsville, \$7,507.10 (\$8,191.98); Niagara Twp. \$32,446.87 (\$34,106.79); Grantham Twp. \$30. Letters to the Editor

NO ACTION TAKEN—
WHEN ACTION NEEDED

Grimsby, Ont.,
July 27, 1943.

To The Editor,
The Grimsby Independent,
Grimsby, Ont.

Dear Mr. Editor:

Could you spare me a small amount of space to comment on what strikes me as an inconsistency on the part of one of the election candidates. Mr. Haines parades himself as an idealist who resigned his seat for a principal. It is pretty hard to see where any of the electors outside of St. Catharines were interested in this so-called principal and I thought a member was elected to represent the whole riding.

If Mr. Haines has such high ideals, why did he not raise some public protest or threaten to resign his seat when his friend the Minister of Highways decided to move the District Highway Office from Grimsby to his own riding. Could it be that the appointment of Mr. Haines by Mr. McQuesten to the new Niagara Bridge Commission had something to do with Mr. Haines' lack of interest in this matter which concerned all citizens of this constituency? Or could it be, Mr. Editor, that the whole story has not been told about the St. Catharines matter because after all Mr. Haines is an official of the Jordan Wine Company and hotels do sell wine?

It is my suggestion that we elect somebody else who has a positive record of community service such as Mayor Daley of St. Catharines, the Progressive-Conservative candidate who can point to the substantial reduction in the St. Catharines tax rate since he has taken office. Mr. Haines' personal record seems to be a big blank while his party's record was acquired while Mitchell Hepburn was Premier, the man who Mr. Haines preferred to quarrel with, rather than to continue to serve the people who had elected him to do so.

Thanking you, Mr. Editor, for your space, I am,

Yours truly,
A Voter.

Crop Prospects

A summary glance at various crop prospects was made Saturday morning by E. F. Neff, local agricultural representative. There is promise of a very good crop of fall wheat, which is now being cut. Haying to date is about 85 per cent completed.

Early sown oats are heading and prospects are better than was first anticipated. The late tomato canning crop will likely be below that of last year to the extent of about 18 per cent. This is largely due, said Mr. Neff, to the wet spring, and unless there is a late fall, the tomato canning crop will be so small as to create a shortage.

Plum crop prospects are only fair. There are practically no early varieties, such as Burbank, and Shiro. The best yield will likely be made with the Italian prunes. The Reine Claude variety is substantially below that of last year. The apple crop will be about average, with late varieties only fair.

Election History

Calling attention to the preference by Ontario voters for variety in recent years, The Ottawa Journal delves into official election history of the province.

From 1875 to 1902 the Liberals were returned at every provincial election, and from 1905 to 1914 the Conservatives had an inning. Then

came, in 1919, the great upset when the United Farmers of Ontario, with the largest group were able to form a minority government. The Conservatives came back to power in 1923 and won the elections of 1924 and 1929—then

the Liberals under Mitchell Hepburn took over to win in 1933 and 1937.

Another interesting fact comes from the Parliamentary Guide. Between 1867 and 1919 Ontario had seven premiers—seven for 52

years. From 1919 to this date we have had six.

It was learned that he and the other two, with nothing but a paddle and piece of board, were on the lake during a severe storm on Tuesday night in a small boat, owned by Miss Ruth Honsberger, Clinton township, and taken without the owner's consent.

The boat, badly damaged by wind and waves was found partly full of water and gravel near Grimsby Beach. How they escaped being drowned is a mystery to police.

VOTE WEDNESDAY, AUGUST 4 FOR LOWER TAXES - BETTER INCOMES A SECURE FUTURE

The people of Ontario have much to gain from the Progressive Conservative programme, outlined by the Leader, George Drew, on July 8th after months of consultation with farmers, merchants, drovers and all classes of citizens all over the Province.

The Progressive Conservative Government will:

- Establish county committees of leading farmers to plan production and distribution of farm products to meet domestic and foreign demands on a profitable basis—to assure for the farmers a fairer share of the national income.
- Eliminate speculation in livestock by converting stock yards into a province-wide publicly-owned service.
- Relieve farmers and all home owners of one-half the school taxes.
- Revise the whole provincial tax system to stimulate home improvements and house building.
- To provide for every child all the education that can be usefully absorbed.
- Introduce such vocational training in schools as will imbue farmers' children with pride in and love for agriculture as a basic and honourable calling; and fit them to make it in their own life time a more gainful occupation than it has been in the past.
- Educate the rising generation to earn their own living and make their own way.
- Improve the health of children by furnishing them with adequate medical and dental care.
- Increase mothers' allowances and old age pensions.
- Reduce the cost of electric power to farms and homes.

The rural population, which in more senses than one have their feet on the ground, will approve the note of authority and confidence which animates the Progressive Conservative platform. The farmers will employ the most advanced economic and scientific methods to develop and utilize the agricultural, mining, forest, and other natural resources of the Province, to build up a strong provincial economy, furnish steady employment to men and women and establish social security for all classes.

The Progressive Conservative Programme affirms that the moral, spiritual and material welfare of Ontario will be best assured under British democratic institutions and within the British Commonwealth of Nations and Empire.

THE ISSUE IS NOW IN YOUR HANDS . . . VOTE FOR

(1) The Progressive Conservative Candidate—(No Party in the history of this Province ever attracted a more representative group of candidates). The Party is pledged to carry out every commitment given in the Drew 22-Point Programme. Drew has faith in Ontario, faith in its people, faith in the future. Only Drew can win.

Take the necessary time off on Wednesday, 4th of August, and mark your ballot for the Progressive Conservative Candidate.

road about six miles from me. I wish I had a film for my camera, I'd like to get a picture of Walt and yours truly, just to show Georgie Kannacher what we look like, with short pants and bald cuts, no kidding, it's really a laugh.

We were in a town of about 2,000 population, every thing there was swell. Champagne was only 70 francs a quart, so a very enjoyable time was had by all, but it is a different story now, the only form of entertainment is the odd show the Y.M.C.A. guy borrows from the Yanks. Also there is a guy in our tent who plays a mouth organ, so far all he can play is "McNamara's Band" but he's working on "Beer Barrel Polka", so things are picking up.

Well, Bones, there's a 40 hour inspection just setting out, the down thing won't do itself so better buzz off.

Everything with me is 200%, here's hoping you are the same.

COUNTY TAXES

\$29,66 (\$32,219.21); Louth Twp. \$34,379.71 (\$36,567.59); Clinton Twp. \$32,381.08 (\$34,279.68); North Grimsby Twp. \$23,811.09 (\$25,353.41); South Grimsby Twp. \$9,008.37 (\$9,825.41); Gainsboro Twp. \$18,960.75 (\$20,234.85); Caisitor Twp. \$11,989.54 (\$13,001.73).

Dr. W. L. Maguire of Port Dalhousie was appointed physician for the Lincoln County Home at an annual salary of \$250, his duties to start August 1st. He will take the place of Dr. A. R. MacDonald, who resigned due to his new position as pianist doctor for McKinnon Industries.

Negotiations for a wig-wag at the C.N.R. crossing at Ontario Street, Beamsville, are continuing but it is unlikely that the equipment would be available until after the war. A census of traffic using the crossing was taken in the winter and showed little need for the signal but council felt that another census taken during the summer when farmers drive to the fruit platforms at the station would prove the need for the wig-wag.

Council approved granting an easement to Grantham township to run a sewer pipe across the property of the county home to an outlet in the old Welland Canal. Grantham proposes a \$70,000 sewer project, the largest in the history of the municipality, and plans to start work immediately. The county grant of their request provided Grantham would provide a connection on their sewer disposal pipe for the county home at no extra expense to the county.

A resolution was passed urging the amending of the Income Tax Act to help unmarried mothers and foster homes of illegitimate children. The resolution: "Whereas under present regulations no exemption is given to an unmarried

mother who is working and endeavoring with a small income to maintain her child and bring it up in a respectable manner in her own home; and whereas this situation is causing untold hardship among these mothers, and if such ruling remains in effect it may have serious repercussions on the efforts now made by child welfare agencies to develop a sense of responsibility on the part of the unmarried mother to retain its guardianship rather than have the child placed upon municipal maintenance; and whereas no exemption is given in connection with children residing with foster parents who are supporting children with the view to adoption; and whereas this is detrimental to child welfare agencies in placing children for

adoption; be it resolved that the Dominion government be requested to amend the Dominion Income Tax Act to provide that illegitimate children and children residing with and supported by foster parents come within the meaning of "child" as contained in the Income Tax Act."

Council received a reply from Welland County about Lincoln's proposal for joint improvement of the Gainsboro-Pelham town line. Welland refused to undertake the work until the provincial government gave its assurance that the road would be taken over by the provincial highways system.

A large number of resolutions were received from other county councils asking for endorsement of the Lincoln body. Council endorsed one from Peel County, urging a larger ration of gasoline for elected municipal officers who are required to do much more work than their immediate township business because of the war. The resolution of the united counties of Northumberland and Durham was endorsed, asking for larger provincial grants for education. Simcoe County's was endorsed, urging the government to keep boys guilty of juvenile delinquency in boys' homes longer until they learn discipline before releasing them to private homes on parole.

Agricultural resolutions endorsed were: Wentworth, asking for more canning sugar; York, asking that price ceilings be raised on farm products; and Carlton, asking that the price of cheese be raised three cents.

The request of the Lincoln County Plowing Association for a grant was referred to the Lincoln County Federation of Agriculture, which receives a grant for such purposes from the county council. The council received letters from several county councils informing Lincoln that the idea of raising one-fifth of a mill on the county rate to finance their county federation of agriculture had been approved in their own counties. The idea was originated by Lincoln County council.

The many friends of G. G. Byers, of Nelles Blvd., who has been seriously ill for the past three weeks will be glad to learn that he is now much improved.

Rev. R. Colin Todd, Georgetown, son of Rev. T. R. Todd, of Beamsville, will conduct the morning service at Trinity United Church on the coming Sunday.

Miss Betty Chadwick, Toronto, is the guest of her aunt, Mrs. Frank Hitchman, Robinson street. Miss Chadwick is removing to Newfoundland with her family on September 1st.

A.C. 2 Bruce Stuart has been seriously ill in Regina General Hospital since the beginning of June. His many friends will be glad to know that he is improving, although still in hospital.

Clarence "Scoop" Farrow, Detroit, spent Sunday with his mother, Mrs. Fred Davis, Main west. Mrs. Farrow and children who have been visiting here for the past 10 days returned to Detroit with him on Monday.

Mrs. M. A. Randall, Nelles Road, has as her guests her son and daughter-in-law, Mr. and Mrs. Murray E. Randall, their son, Buddy, and daughter Mrs. Chester West, with her little daughter, Susie, all of Evanston, Illinois.

Miss Jean Pettit, daughter of Mr. and Mrs. O. M. Pettit, is attending summer school at Queen's University, Kingston. Miss Pettit has been appointed convener of the Athletic Association in connection with the summer school.

P/O V. Harrod, R.C.A.F., son of Capt. and Mrs. Harrod, Paton street, graduated from No. 1 Officer School, at Malton on Thursday last and received his badge as a Navigator. Mr. and Mrs. Harrod attended the graduating ceremony.

Jas. Durham, Robert C. Bourne, John Lewis, David Coughley, Clarence W. Lewis, A. Jarvis and L. Hysert, attended the sessions of the Grand Lodge of Canada in Ontario, A.F. & A.M., in Toronto last week, as delegates from Union Lodge No. 7, Grimsby.

Miss Alice Trotter, director, stan and farmerettes at the picturesque Beckett's Farm Camp on Lake Ontario at Winona entertained the local growers and their wives at a tea on Sunday, July 25th. The old colonial farm house was gay with hollyhocks, delphiniums, and Queen Anne's Lace, while the garden was hospitably inviting with the colourful stripes of the new garden furniture. Many of the Headquarters' staff from Toronto and St. Catharines attended the function and the farmerettes were winsome hostesses in their dainty summer dresses and helped in every way to make the occasion a happy one.

Mrs. Harry Arrell is confined to her home with illness.

Harry Cox of Winona has purchased the Dr. Harold Brownie house and lot at 45 Livingston Ave. now occupied by A. E. Buckenham.

A. S. Tremaine, a veteran of the first Great War is back in service again. He has joined up with the R.C.N. as a Patrol man. At present he is taking a course in Hamilton.

Owing to the fact that he cannot secure the steam shovel from the County, Road Superintendent Thos. Mackie, reports that it will be all of three weeks before the Woolverton mountain road will be open for traffic.

Chief W. W. Turner and his early laying chickens have to take a back seat this time. Mrs. Geo. McNinch, Oak street reports that she has New Hampshire pullets that were hatched the first of March and they began laying on July 1st.

By mutual agreement all three Grimsby butcher shops will remain closed all day on Wednesdays. The butcher shops, like other Grimsby stores have always observed the Wednesday half holiday, but owing to scarcity of supplies and labor shortage they have decided to stay closed all day the middle day of the week. This idea came into force this week. All three shops were closed yesterday.

GOING! GOING!! GONE!!! — SOLD AGAIN! — Two weeks ago Morris Udell, Grimsby Beach advertised young pigs for sale in the classified columns of The Independent. The adv. was to run for three insertions. It ran once and Morris hollered "take it out, the pigs all sold. 10 pairs of them." That, folks is the selling power of The Independent classified ads. Try one.

"Commandos Strike at Dawn" was the big feature at Moore's Theatre last week, and ever since the first showing every kid in town has been a Commando capturing German occupied airfields. Week before last they were all Hop-A-Long Cassidy's chasing cattle rustlers. Heaven knows what they will be next week. Probably Canadians landing on the beaches of Sicily. Grimsby kids are great theatre goers and great imitators, which shows that they have sharp eyes and keen brains.

Extract from a recent letter received by Mrs. Vance R. Farrell from her husband in England, Major Vance R. Farrell, C.O.C.

It seems to us here that this idea of proxy voting is a very good one as it provides that you are on the job and know what is going on and can vote for us who have lost touch with things. I presume that there will be the usual complaints about this system, but looking at it from that viewpoint over here, we think it a good idea, and you might tell all those who are crabbing about it, as I know full well they will, that we over here think it is a wonderful idea and heartily approve of voting by proxy."

Adam McGregor has made a great improvement to his home on Adelaide street by bricking the building over. A new verandah is also being added.

Beamsville Troop, Boy Scouts under Scoutmaster Hayward, attended the showing of "Commandos Strike at Dawn" at Mc's Theatre on Thursday night last.

Earl J. Marsh has resigned as Secretary of the Southern Ontario Fruit and Vegetable Shippers Association. K. C. Baxter has been appointed in his stead.

Residents of Grimsby, in the Centre Ward, between Main street and Livingston avenue and the C.N.R. tracks vote at a polling booth in the old Baker store, No. 4, Main Street West.

We have heard tell of "making hay while the sun shines" and about "Fudge" McGregor cutting his lawn on a Christmas day but last Thursday afternoon was the first time we ever saw a bank manager with a lawn mower, trying to cut grass on a paved street.

"Honey" Shelton is on a soap diet. He took the advice of son's radio announcer "to eat less dentist once a year", wit the result that D.D. snatched all his moars and now "The Little Shoemaker" doesn't care whether steaks are rationed or not.

The only advance poll in the riding of Lincoln County will be held at the returning office, 24 Jams street, St. Catharines. It will be open Saturday, Monday and Tuesday, July 31, Aug. 2 and 3, from 8 a.m. to 5 p.m., and from 7 to 10 p.m. The poll will give the opportunity to vote to members of the reserve army who will be in camp on election day, railwaymen, sailors and commercial travellers whose work is such that they will be absent from their usual place of residence on election day, Aug. 4.

JOB WOULD LAST

At 1,000 per hour it requires 2,000 hours each week (six days) to paste up the coupons. Eight hours a day means 48 each week. Thus a staff of 480 persons is required to paste a week's coupons. In other words, it would require the services of one person for 9.2 years to do the job.

In addition to meat other items are rationed — sugar, tea, coffee and butter—which means the collection weekly by retailers of another 23,000,000 coupons; so that for the pasting alone it requires services equivalent to 960 girls each week one person for 18.4 years.

Multiply 960 by 52 weeks a year — figure it out for yourself — and you get the time lost by the retail food trade working for the W.P.T.B.

PRICE CONTROL

flation in Canada was to control prices, they found before long a second problem in distribution of consumer goods had arisen. Control of the supply has now become the most important objective."

Selling consumer goods is a big responsibility for merchants today and they play a tremendously important role in the final allocation of merchandise, he said. "You must accept this responsibility, and see to it that your share of available goods is properly re-allocated to the customer."

Merchants should be extremely careful not to begin selling themselves out of business," Mr. McLeod warned. "Generally speaking, the profit picture for retailers was better during 1942, despite the many wartime restrictions. Lower operational costs aided in bringing about high profits and comprised chiefly curtailments in lighting, deliveries, shorter hours, and also by curtailing of certain services and through elimination of waste programs."

It cannot be, however, overlooked that every retailer has a responsibility, a duty not only to himself, but to his customer with regard to merchandise. Sales are easy these days. Most merchants could if they desired, dispose of their stock quotas and so forth in very short order, but most merchants, appreciating this responsibility, will set up a definite allocation or rationing scheme, not only on coupon listed items but on all short supply stocks and see that such merchandise is sold only in quantities in keeping with their allotment. In this way all their customers will be assured of a fair share of merchandise.

You have the privilege of discouraging customers who you know are over-buying. It is your responsibility not only to your other customers, but to your country and yourself. Such a policy will serve to spread your merchandise over a longer period, through which you can place your sales effort behind items in more plentiful supply and thus come closer to maintaining a consistent sales volume. The retailer, as well as the consumer, can help the price board in evading further rationing of civilian goods by taking this responsibility to heart.

Because supply houses are tightening their credit to retailers, it is essential for retailers to be more firm with customers' charge accounts, he suggested. He felt local merchants should devise some system by which all deliveries would be pooled. Such a system saves manpower, gasoline, tire, etc., he said. He also recommended a self-service plan for stores as a means of cutting down operating costs by saving time of the merchant and reducing the number of employees necessary to wait on customers.

He made many other suggestions which will help curtail the cost of living and thus prevent inflation: the cutting of unnecessary expenses and service "frills" to customers; the elimination or

part elimination of credit systems in retail stores; and the cutting down of store hours.

ers to reduce their advertising costs, he declared, advising merchants to analyse these expenditures carefully so as to get the best returns from the most efficient advertising media. "It is essential that retailers keep their names before the public," he emphasized. "Avoid unnecessary expense for donations and confine your advertising to a recognized medium," the speaker suggested.

"In the final analysis, survival of business is contingent on cutting operating expenses to an absolute minimum and then regulating sales to a point where sales will meet these expenditures."

Following the address, Mr. Cavers and Mr. Osborne, Local Prices Board Representatives answered many questions relating to retailers' problems.

The speaker was introduced by R. C. Bourne.

THE LIFE STORY OF HARRY NIXON, PREMIER OF ONTARIO

Harry Nixon's people were United Empire Loyalists. His farm was pioneered by his grandfather over 100 years ago.

Ontario's premier was born on the farm in April, 1891. He was christened Harry Corwin Nixon and is always called just plain Harry.

He attended the little red school house down the road. Nights, mornings, Saturdays and holidays he helped on the farm.

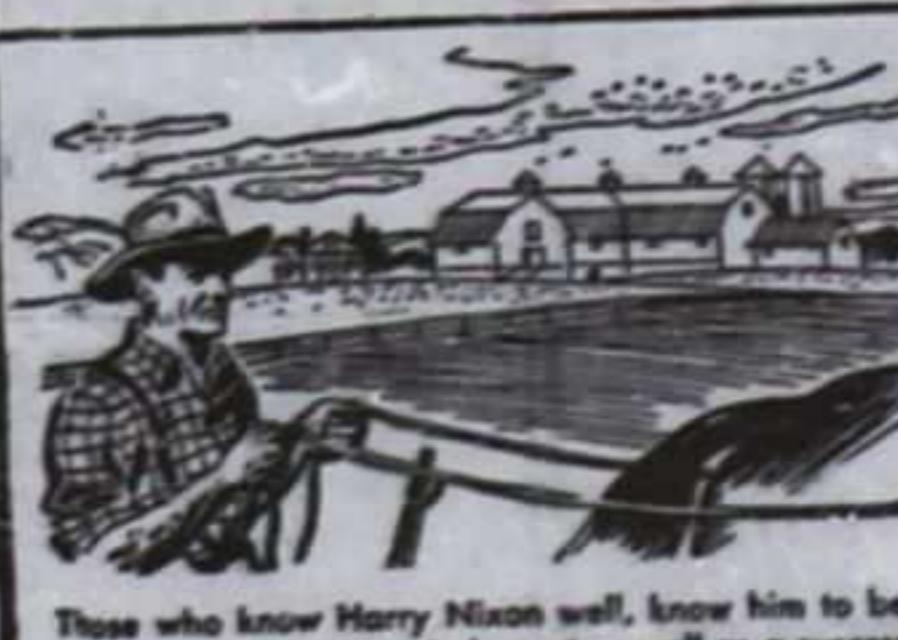

High School in Brantford was an exciting experience to young Nixon, but he worked hard and did well.

Four years of more hard work at Ontario Agricultural College, Guelph, proved Harry Nixon a studious and determined man and earned him the B.S.A. degree.

He returned to the farm, his chosen life work. On October 28, 1914, he married Alice Jackson, a Guelph girl who had graduated from MacDonald Hall.

Those who know Harry Nixon well, know him to be a man of sound business judgment as well as a successful "air farmer."

Working in his own quiet way, Nixon's qualities of leadership earned him a seat in the Ontario house in 1919.

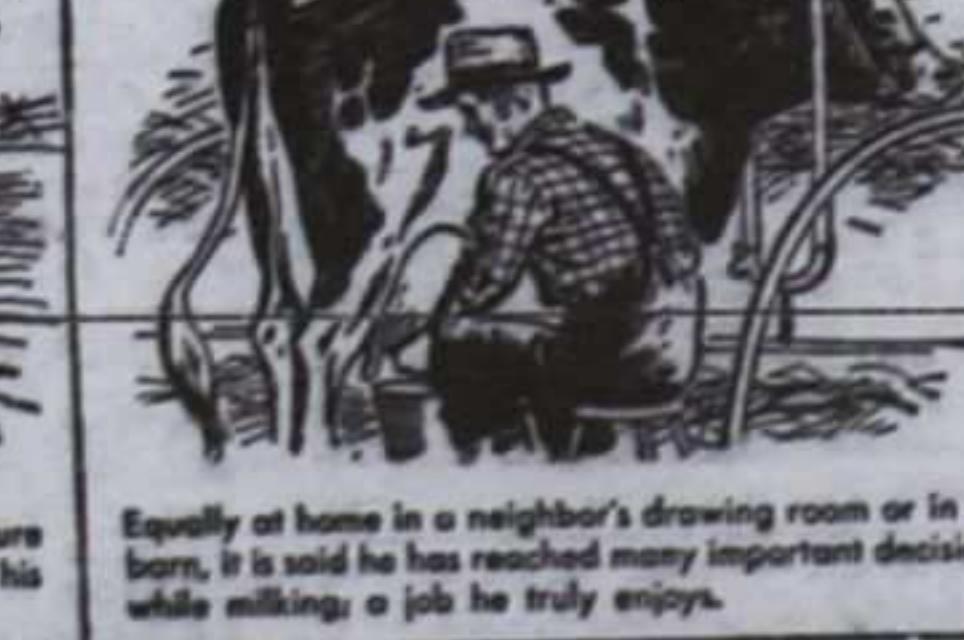

At 28, Harry Nixon was the youngest Cabinet Minister in Canada.

The Nixon family are church-goers. They attend the United Church of St. George.

He — Nixon has been a member of the legislature for Brant continuously since 1919, but farming is his occupation and he works.

Equally at home in a neighbor's drawing room or in his barn, it is said he has reached many important decisions while milking; a job he truly enjoys.

Mr. Nixon in quiet, efficient ways and original thinking secured him a high place in government councils. At 45 he was many times Acting Prime Minister.

On April 30, 1943, an enthusiastic Liberal Convention made Harry Nixon leader of the party. He was then sworn in as Prime Minister. Now he wants his appointment confirmed by the people.

The Nixon family is "in uniform". Son Lorne, R.C.A.F., was killed in action over Germany; Katherine, R.C.A.F. W.D., is overseas; Margaret is doing confidential work at Ottawa. Both of Nixon's married sons — Bob (14) is working on the farm.

Mrs. Nixon is a friendly, motherly woman; a gracious hostess and sympathetic counsel. She is well liked wherever she goes.

Premier Nixon is a steady-driving statesman; a courageous thinker who has the will to get things done. His long administrative experience and level-headedness will insure Progress and Unity in Government for Ontario.

Canada Needs Rubber

Our stock piles of old tires and tubes are gradually diminishing, and we must replenish them as long as you have an old tire or tube. Look around your buildings and let us have that old tire or tube, and do it now. Do not forget the barrel for old rubber outside Harry Bull's shoe store. Mary or Johnny can take it down on the express wagon. Our army is using 94% of the available tires, with about 8% left for necessary home front requirements. Make a special effort at once, and you gain two

Paper Is War Material

You get paper and magazines every day. When you finish reading them, tie them up in bundles with strong cord, so they will not fall apart, then get them down to the warehouse. Please make an effort to do this at once, as we want at least \$500 for Red Cross and I.O.D.E. for parcels at Christmas.

Iron, Copper, Aluminum, Brass

We need them for many purposes; look in the attic in the cellar or the garage; get this old salvage where will do some good.

How precious these metals are, and how little consideration is given

to them. You farmers who have your fence corners full of them, do something about it. Now is the time. You must not wait until snow buries them. Get them out. If you can bring them to our salvage warehouse, fine. If you want to give them to the Salvation Army or sell them to the many scrap collectors, do so; but the great point is get these several items of salvage out where they can be used. When you hoard any of the salvage items you are actually letting our boys, your boys, down. Why hesitate? Where your treasure is, there is your heart also!

Colors used for electric lamps have been restricted to red, blue, and green by a new U.S. War Production Board ruling.

Why Lincoln Gains With HAINES

Archie Haines has been farming at Jordan all of his life. In addition to being a skilful farmer, he is a business man of shrewd judgment and great capability. Mr. Haines (above) is shown working among his 1943 tomatoes.

Archie Haines presented the case for completing the Queen Elizabeth Way through Lincoln County. White police cars to patrol provincial highways were his idea. Liberal Government's assumption of 20% King's Highways assessment saved Lincoln taxpayers \$1,210,756.32!

An ardent sportsman when time permits. Mr. Haines enjoys shooting and is shown here cleaning his favorite shot gun.

ARCHIE HAINES is an expert farmer and a man of shrewd business judgment. His successful career in Lincoln County is at the point where he can devote practically all of his time to representing the views of Lincoln citizens in the Provincial Government. The remuneration of \$2,000 a year is not attracting him to the office. That he will represent your views has been proved by his resignation from the Government when the then Premier, Mr. Hepburn, flouted the expressed desires of the people of Lincoln.

In voting for Archie Haines on August 4th, you are endorsing this courageous action and you are endorsing the very principles of democracy. Remember that the eyes of Ontario are on Lincoln County waiting to see whether the citizens of this riding really meant what they said when they backed Archie Haines to the limit at the time of his resignation.

Archie Haines is a quiet, retiring type of man whose complete sincerity and ceaseless effort work powerfully to get results. His successful management of 65 acres of highly-productive fruit land and a large and thriving business organization have fitted him admirably for handling the business of Lincoln county at Queen's Park. This experience has also led to other honors for Archie Haines.

He is the on the Niagara Parks Commission, and is Finance Commissioner of the Niagara Falls Bridge Authority which built the Rainbow Bridge.

In every activity in which he has engaged, Archie Haines' quiet ways and original thinking have earned him a place at the top, and have earned him the respect of all who know him.

In casting your vote on August 4th, these factors should guide you. Not only is Archie Haines fully capable of representing your interests at Queen's Park—not only has he proved that he will resign in protest rather than see your will flouted—but Archie Haines is on the winning side. Only Nixon can win. Without Liberal, Archie Haines, representing this County, Lincoln will be in the same weak position in the Provincial Government that we are in the Dominion Government where we are represented on the minority side of the house.

Lincoln county farmers will fully appreciate that it is beneficial to agriculture to have a representative whose opinion and representations are those of a fruit grower and business man. Furthermore, it is important that they be presented so that they will be heard and acted upon by the Government.

This is the last opportunity we will have to speak of Archie Haines through the columns of this newspaper before the election. It is important that you should remember the facts presented here about him when you vote next Wednesday. Do not be misled between now and August 4th. The issue in this election will still be public decency and the defense of democratic principles.

Required reading for Mr. Haines includes leading farm journals. Keeping abreast of advancements in agricultural practices have resulted in very successful farming operations. Interested personally in better prices for fruit and vegetables, he was associated with Liberal Government which increased prices through operation of Farm Products Control Act.

Archie Haines and his son-in-law, well-known Lincoln County Hockey Star, R. 'Bo' Farrell who now manages the farm, are shown here inspecting 1948 peach crop. Archie Haines has been at the fruit growing business since childhood, and he really knows the job.

Always interested in the youth of the county, Archie Haines and son-in-law, 'Bo', review framed picture of famous Jordan O.H.A. Hockey finalists. Mr. Haines was honorary President of the club. More latterly, he has been associated with the Liberal Government which fostered and administered the Dominion-Provincial Youth Training Programme in Ontario.

Remember when you were a kid you spent hours looking for a four leaf clover, and if you found one you thought you were the luckiest person in the world. On Monday, Jack Smith, of the town works department found a whole bed of four leafers in Queen's Lawn cemetery and in the middle of them all found a real freak of nature, a five leaf clover. All leaves were perfectly formed.

Commencing next Tuesday, Aug. 2, new hours will go into effect at the Grimsby Post office. Heretofore the hours have been from eight a.m. until seven p.m.

The new hours are 8:30 a.m. until 6:30 p.m.

Office hours for Monday, Aug. 2nd, Civic Holiday, will be nine a.m. until 11 a.m.

Progressive Conservative Candidate for Lincoln

HE SOLIDLY SUPPORTS GEORGE DREW'S 22-POINT PLATFORM

The Liberal Party leaders are urging electors to support all Liberal candidates, advising them. "It isn't wise to change horses in midstream." Why did the Liberal party do that very thing?

What Happened to Premier Hepburn?

What crowd was a party to his retirement? Didn't the present Liberal leader have a hand in shoving him off the deep end and out of the leadership? The electors know the answer.

What Happened to Premier Conant?

Why was he forced to stand aside to make way for the present Liberal leader—a man who is at the beck and call of Liberal politicians in Ottawa. Facts speak the truth.
